Celebrating the Baptistery

The Baptistery which is located adjacent to the Church, rather than within the Church, attracts its share of discussion. An important feature is the glasswork windows designed by Andrew Sibley. They reflect each of the Sacraments in a style of artistry from the early 1960s.

Dr Colin Apelt will share his knowledge of the Baptistery at the event and all parishioners past and present and community members are invited to attend.

Celebrating 100 years of faith and community
